

LAB TEST PROFILE

Date: _____ Company: _____

Address: _____

City: _____ State: _____ Zip: _____

Contact: _____ Email: _____

Distributor: _____ Phone: _____

Return Parts To: _____ Via: _____

For Special Instructions, Call: Customer Sales Rep. Regional Mgr.

Parts: (Please supply finished and unfinished parts)

Description: _____ Size: _____

Material: _____ Production Rate: _____

Method of Manufacture: _____

Current Finishing Method: _____

Problems with Current Method: _____

Proposed Steps of Manufacture: _____

Test Requirements:

- Burnish - Deburr - Descale - Edgebreak - Matte
 - Deflash - Preplate - Clean (specify contaminants)
 - Dry - Screen Selection - Other (explain)

Details: (RA, Micro Finish, etc.) _____

Specific Tests Required:

Machine: _____ Time Pulls: _____

Media(s): _____ Compound: _____

Corrosion Inhibition: _____

- Drying Method(s): - Cob Meal - Drum Dryer - Belt Dryer - Wipe
 - Blow Dry - Ambient Air - Other (specify)

Instructions: _____

Are lab personnel free to experiment beyond specific requests? - YES - NO

Parameters? _____

Project Status:

Potential Needs: - Media - Compound - Equipment - Roto-Cycle

Timing: - New Project - Ongoing Project

Projected Sale in: - Days - Weeks - Months

Comments / Notes / Special Instructions: _____
